PROXY STATEMENT
FOR 2006 ANNUAL MEETING OF STOCKHOLDERS

May 25, 2006, 10 a.m. local time,
Sheraton Needham Hotel, 100 Cabot Street, Needham, Massachusetts

This Proxy Statement is being provided to you by the Board of Directors of Pro-Pharmaceuticals, Inc. in connection with our 2006 Annual Meeting of Stockholders. The Annual Meeting will be held at 10:00 a.m. on Thursday, May 25, 2006 at the Sheraton Needham Hotel, 100 Cabot Street, Needham, Massachusetts 02494, for the purposes set forth in the accompanying Notice of Annual Meeting. We intend to mail this Proxy Statement and the accompanying Notice of Annual Meeting on or about April 19, 2006, to all stockholders entitled to vote at the Annual Meeting.

PURPOSE OF MEETING

At the Annual Meeting the stockholders will consider and act upon a proposal for (1) approval, which is presented to you in accordance with American Stock Exchange rules, of our issuing shares of common stock underlying our 7% Convertible Debentures and related common stock purchase warrants sold on February 14, 2006 that equal or exceed 20% of the number of shares of our common stock outstanding as of such date; (2) the election of eight directors to one-year terms; and (3) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm to audit our financial statements for our 2006 fiscal year. The Board of Directors knows of no other business to be presented for consideration at the Annual Meeting. Each proposal is described in more detail in this Proxy Statement.

INFORMATION ABOUT PROXIES AND VOTING

Proxies

We urge you to sign the enclosed proxy card and return it promptly in the return envelope by following the instructions on the proxy card (both enclosed with these materials). Proxies will be voted as directed. Any proxy card returned without directions given will be voted "FOR" each of the proposals contained in this Proxy Statement and, as to any other business that may come before the Annual Meeting, in accordance with the judgment of the person or persons named in the proxy. You may revoke your proxy at any time before the Annual Meeting by sending a notice of revocation to Pro-Pharmaceuticals, Inc. at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations. You may also revoke it by submitting a more recently dated proxy to us before the Annual Meeting, or by attending the meeting and voting in person.

Solicitation of Proxies

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. We pay all costs to solicit these proxies. Our officers, directors and employees may solicit proxies, but will not be additionally compensated for such activities. We are also working with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such institutions and persons. We will reimburse their reasonable expenses.

Stockholders Entitled to Vote

Only holders of record of our common stock at the close of business on April 12, 2006 will be entitled to notice of the Annual Meeting and to vote at the meeting. At the close of business on March 15, 2006, 27,315,411

shares of our common stock were outstanding and entitled to vote. Each holder of record of common stock on April 12, 2006 is entitled to one vote for each share held on all matters to be voted on at the Annual Meeting. There is no cumulative voting for the common stock.

Establishing a Quorum

Holders of at least one third of our shares of common stock issued and outstanding must be present or represented at the Annual Meeting to have a quorum for conducting business. Shares as to which a broker indicates that it has no discretion to vote and which are not voted, known as “broker non-votes,” will be considered present at the Annual Meeting for purposes of determining the presence of a quorum, but such shares have no effect on the approval of the proposals described in this Proxy Statement. Proxies marked as abstaining on any matter to be acted on by the stockholders will be treated as present at the Annual Meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

Votes Required

Directors will be elected by a plurality of the votes of the stockholders cast at the Annual Meeting. A majority of the shares of stockholders present in person or by proxy and voted in favor is required for each of the other matters to be considered at the Annual Meeting. Neither abstentions nor broker non-votes will have any effect on the outcome of the votes on these matters.

In computing the number of shares owned by a person and the percentage ownership of that person, shares of common stock subject to options and warrants held by that person that are currently exercisable or exercisable within 60 days of March 15, 2006, are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. This table has been prepared based on 27,315,411 shares of common stock outstanding as of March 15, 2006.

- (3) Includes 7,379 shares owned by Dr. Platt's wife as to which Dr. Platt disclaims beneficial ownership.

- (10) Includes 123,500 shares issuable upon the exercise of stock options. Also includes 100,000 shares owned by a limited liability company of which Mr. Smith is a member and the manager. Mr. Smith disclaims beneficial ownership of such securities except to the extent of his pecuniary interest therein.
- (11) Includes 795,000 shares issuable upon the exercise of stock options.

We are not aware of any arrangements which may result in "changes in control" as that term is used in Item 403(c) of Regulation S-K.

PROPOSAL NO. 1

TO APPROVE OUR ISSUING SHARES OF COMMON STOCK UNDERLYING THE 7% CONVERTIBLE DEBENTURES AND COMMON STOCK PURCHASE WARRANTS WE SOLD ON FEBRUARY 14, 2006 THAT EQUAL OR EXCEED 20% OF THE NUMBER OF OUTSTANDING SHARES ON SUCH DATE

On February 14, 2006, we issued and sold an aggregate \$10 million original principal amount of 7% Convertible Debentures due February 14, 2008 (the "Debentures") and warrants exercisable to purchase approximately 1.5 million shares of our common stock (the "Warrants"). The holders of the Debentures and Warrants contractually require us to submit to our stockholders a proposal to approve issuances of shares of our common stock, whether on conversion or redemption of, or payable as interest on, the Debentures, or on exercise of the Warrants (all of such shares referred to as the "Underlying Shares"), that would exceed of 19.99% of the number of our shares (the "Issuable Maximum") that were outstanding on February 14, 2006 (such approval to issue shares in excess of the Issuable Maximum referred to as "Shareholder Approval"). We have written agreements of holders of at least 40% of our outstanding shares of common stock to vote in favor of this proposal.

The basis for such holders' requirement that we seek Shareholder Approval derives from a rule of the American Stock Exchange (the exchange on which our common stock is listed for trading) that, in general, requires that shareholder approval be obtained as a prerequisite to the exchange's approval of an application to list additional shares to be issued in connection with a transaction in which the number of shares of common stock that are or may be sold at a price less than the greater of book or market value would equal or exceed 20% or more of the shares outstanding as of a certain date. We have submitted an additional listing application with the American Stock Exchange to list the Underlying Shares.

The price per share, and, accordingly, the number of Underlying Shares that we issue in connection with a conversion or redemption, or as interest on, the Debentures, or upon exercise of the Warrants, will depend on the future prices of our common stock on the American Stock Exchange, which may fluctuate. Redemptions and interest paid in shares must be paid at a price equal to the lesser of the then conversion price or 90% of the average of the 5 lowest VWAPs (volume weighted average price) for the 20 consecutive trading days prior to the redemption payment. Moreover, the conversion price of the Debentures and the exercise price of the Warrants are each subject to "full ratchet" reduction if we issue and sell common stock or common stock equivalents at a price lower than the then market price (known as a dilutive issuance). Although the American Stock Exchange rules permit us to issue an amount of shares up to the Issuable Maximum without Shareholder Approval, we cannot be certain at this time that the number of Underlying Shares that we ultimately issue to meet our

obligations under the Debentures and Warrants will not exceed the Issuable Maximum. Without Shareholder Approval, redemptions of and interest payments on the Debentures must be paid in cash after the Issuable Maximum is reached. We desire to retain the discretion, in order to conserve cash to support our business operations, to meet our obligations under the Debentures with payments in stock rather than cash.

The Board of Directors recommends a vote FOR approval of the issuance of shares of common stock underlying the Debentures and Warrants in excess of the Issuable Maximum.

To the best of our knowledge, there are no material proceedings to which any of our directors (all of whom are current nominees) or executive officers is a party adverse to, or has a material interest adverse to, Pro-Pharmaceuticals. To the best of our knowledge, there have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions that are material to the evaluation of the ability or integrity of any director, executive officer, promoter or control person of Pro-Pharmaceuticals during the past five years.

Board of Directors Meetings and Committees of the Board

During the year ended December 31, 2005, our Board of Directors held nine meetings. During 2005, the Board had three standing committees: the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee. All of the directors on each committee are "independent" within the meaning of American Stock Exchange listing standards. As required by the stock exchange rules, we held one meeting of the Board attended only by the independent (non-management) directors. During 2005, Dr. Conaway attended fewer than 75% of the combined total number of meetings of the Board and committee(s) on which he serves.

Compensation Committee

The Compensation Committee, whose members are Mildred Christian (chair) and David Smith, met four times during 2005. The Committee is responsible for reviewing and recommending compensation policies and programs, as well as salary and benefit levels for our executive officers and other significant employees. Its specific responsibilities include supervising and overseeing the administration of our incentive compensation and stock programs and, as such, the Committee is responsible for administration of grants and awards to directors, officers, employees, consultants and advisors under Pro-Pharmaceuticals' 2001 Stock Incentive Plan, and the 2003 Non-employee Director Stock Incentive Plan. Additional information about the Compensation Committee is provided below under the caption "Report of the Compensation Committee."

Audit Committee

The Audit Committee, whose members are Steven Prelack (chair), Dale Conaway and Jerald Rome, met six times during 2005. Its chair met informally from time to time with our management and representatives of our independent registered public accounting firm. The charter of the Audit Committee was filed as an exhibit to our proxy statement for the 2004 annual meeting, and is posted on our website at www.pro-pharmaceuticals.com. The Audit Committee is responsible for oversight of the quality and integrity of the accounting, auditing and reporting practices of Pro-Pharmaceuticals. More specifically, it assists the Board of Directors in fulfilling its

oversight responsibilities relating to (i) the quality and integrity of our financial statements, reports and related information provided to stockholders, regulators and others, (ii) our compliance with legal and regulatory requirements, (iii) the qualifications, independence and performance of our independent registered public accounting firm, (iv) the internal control over financial reporting that management and the Board have established, and (v) the audit, accounting and financial reporting processes generally. The Committee is also responsible for review and approval of related-party transactions. The Board has determined that Mr. Prelack is an “audit committee financial expert” within the meaning of SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002. Additional information about the Audit Committee is provided below under the caption “Report of the Audit Committee.”

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, whose members are Jerald Rome (chair), Dale Conaway and Mildred Christian, met two times during fiscal 2005. The Committee’s charter is available on our website at www.pro-pharmaceuticals.com. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, and to recommend to the Board candidates for election or re-election as directors, and for reviewing our governance policies in light of the corporate governance rules of the American Stock Exchange and the Securities and Exchange Commission. Under its charter, the Nominating and Corporate Governance Committee is required to establish and recommend criteria for service as a director, including matters relating to professional skills and experience, board composition, potential conflicts of interest and manner of consideration of individuals proposed by management or stockholders for nomination. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of Pro-Pharmaceuticals and its stockholders; a willingness to devote the extensive time necessary to fulfill a director’s duties; the ability to contribute to the diversity of perspectives present in board deliberations; and an appreciation of the role of the corporation in society. The Committee will consider candidates meeting these criteria who are suggested by directors, management, stockholders and other advisers hired to identify and evaluate qualified candidates.

The Committee has adopted a policy for stockholders to submit recommendations for director candidates. A stockholder desiring to make a recommendation may do so in writing by letter to the Nominating and Corporate Governance Committee stating the reasons for the recommendation and how the candidate may meet the Committee’s director selection criteria. The letter may be confidential and should be addressed to the Chairman of the Nominating and Corporate Governance Committee, c/o Vice President, Investor Relations, Pro-Pharmaceuticals, Inc., 189 Wells Avenue, Newton, Massachusetts 02459. The Committee will evaluate stockholder-recommended candidates in the same manner as candidates recommended by other persons. Further information about stockholder nominations will be provided on our website as it becomes available.

Compensation of Directors

We compensate each of our non-employee directors with a grant of 500 non-qualified stock options for each meeting of our Board, and each meeting of a standing committee of the Board that such director attended during a year of service under our 2003 Non-employee Directors Stock Incentive Plan. For service in 2005, we granted options on March 9, 2006, which were immediately exercisable at \$3.75 per share, to our non-employee directors as follows: Mildred Christian—6,500 options, Dale Conaway—5,500 options, Burton Firtel—4,000 options, Steven Prelack—3,500 options, Jerald Rome 8,500 options and David Smith—4,500 options.

Firtel and Prelack \$2,300, \$7,200 and \$27,600 respectively in 2005 for serving on a special committee of the Board to provide oversight of our litigation matters, particularly as they concern our intellectual property.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Dr. David Platt

We have employment contracts with Dr. Platt and Mr. Lueders. Dr. Platt's employment contract, was filed as an exhibit to our Annual Report for the year ended December 31, 2003 on Form 10-K on March 30, 2004. The agreement, which became effective on January 2, 2004, provides that Dr. Platt shall serve as President and Chief Executive Officer at an initial base salary of \$220,000 per year (effective in 2004 and increased to \$260,000 for 2005), subject to annual review, and shall receive our standard employee life, disability and health insurance benefits. Dr. Platt is also entitled to receive bonus compensation as follows:

- (i) upon consummation of a transaction with a pharmaceutical company expected to result in at least \$10,000,000 of equity investment or \$50,000,000 of royalty revenue or other substantial benefit as our Board may determine, a cash bonus of \$200,000 and fully vested 10-year stock options exercisable at not less than the market value to purchase at least 200,000 of our shares of common stock;
- (ii) upon approval by the Food and Drug Administration of each new investigational new drug application filed by us for commencement of human trials, a cash bonus of \$100,000 and 100,000 of such stock options;
- (iii) upon approval by the FDA of each new drug application filed by us for any drug or drug delivery candidate, a cash bonus of \$400,000 and 400,000 of such stock options; and
- (iv) a cash bonus upon achievement of goals specified by our Board as determined in the first quarter of each fiscal year, with 50% based on performance relative to his work as an executive manager and/or scientist and 50% based on reference to objective criteria such as the market price of our stock or meeting budgets approved by the Board.

If Dr. Platt's employment terminates other than "for cause" or within twelve months after a change of control of Pro-Pharmaceuticals, he is entitled to, among other things, severance payments for two years based on his salary as of termination, a cash payment ranging from \$1,000,000 and \$2,000,000 calculated by reference to prior bonus payments, continuation of or comparable health plan benefits for him and his family for two years, and immediate vesting of any unvested stock options.

The agreement requires Dr. Platt to assign inventions and other intellectual property to Pro-Pharmaceuticals which he conceives or reduces during employment and for such period as the company pays severance, contains protective provisions concerning confidential information, non-competition and non-solicitation of employees, and provides for indemnification of Dr. Platt.

Mr. Carl Lueders

The agreement with Mr. Lueders, which became effective on February 9, 2005, provides that he shall serve as Chief Financial Officer at an initial base salary of \$200,000 per year, subject to annual review, and shall receive our standard health insurance benefits. In the event the employment of Mr. Lueders is terminated "without cause" he shall be paid a severance equal to two months' base salary plus one month for each year of employment (not to exceed six months) and continuation of benefits for two months. The employment agreement contains a customary provision for assignment of intellectual property, as well as protective provisions concerning confidential information, non-competition and non-solicitation of employees.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2005 were Mildred Christian and David Smith. None of these persons were an officer or employee of Pro-Pharmaceuticals during the fiscal year, formerly an officer of Pro-Pharmaceuticals, or had any relationship otherwise requiring disclosure hereunder.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee determines the cash and other incentive compensation, if any, to be paid to our executive officers and key employees. Compensation may include both cash (base salary and bonus) and equity-based compensation. Base salary is determined with reference to market norms. Bonus compensation (cash and/or options) is based on a number of factors such as our financial and non-financial performance, including fund raising; operating within budget; enhancing our market value; developing drug candidates, including enhancing our product pipeline; and expanding our intellectual property portfolio.

Equity-based compensation is comprised of stock option grants. We believe that equity-based compensation is useful to align the economic interest of the executive officers of Pro-Pharmaceuticals with the economic interests of our stockholders. The Compensation Committee reviews the outstanding unvested options of the key executives from time to time and may grant additional options to encourage the retention of key executives.

The compensation of Dr. David Platt, our Chief Executive Officer, is generally based on the same policies and criteria as the other executive officers. In developing Dr. Platt's employment agreement, including bonus compensation in cash and stock options for milestone achievements, the Compensation Committee considered the factors noted above. The Committee believes Dr. Platt's compensation, including salary, bonus and stock options, fall within the company's compensation philosophy and is consistent with industry norms for a development-stage pharmaceutical company, and that severance contingencies are appropriate in light of the substantial contribution he has made to our science and intellectual property. We awarded Dr. Platt a cash bonus of \$90,000 and incentive stock options for satisfactorily achieving certain objectives in 2005 set by the Committee comprised of factors such as filing patent applications and meeting certain milestones for our Phase I and Phase II human clinical trials.

The Committee approved an increase of the salary of Dr. Eliezer Zomer, our Executive Vice President of Manufacturing and Product Development, from \$180,000 in 2005 to \$220,000 in 2006 in recognition of the expansion of his duties related, among other things, to management of our clinical trials as we prepared for and undertook Phase II.

We awarded cash bonuses of \$31,500 to each of Dr. Zomer, Mr. Lueders and Ms. Foley in recognition of services during 2005 and incentive stock options as long-term retention incentives.

The Committee reviewed and approved the hiring on a full-time basis, as well as the compensation arrangements for, Dr. Anatole Klyosov, our Chief Scientist. We believe the increase in our research and development activities, combined with expanded needs for management of our intellectual property, merited this appointment.

The objective of a formal compensation policy is to enable the Company to attract and retain qualified executives, and reward executives for performance against a number of Company goals agreed upon for the long-term maximization of stockholder value. The Compensation Committee has implemented this policy against which to assess executive compensation.

PROPOSAL NO. 3
RATIFICATION OF APPOINTMENT OF REGISTERED INDEPENDENT PUBLIC ACCOUNTING FIRM

The Board of Directors has, subject to the ratification of the stockholders, appointed Deloitte & Touche LLP, as the registered independent public accounting firm for Pro-Pharmaceuticals for the fiscal year ending December 31, 2006. Deloitte & Touche has served as in this capacity since February 2002. We do not expect a representative of Deloitte & Touche to be present at the Annual Meeting.

The Board recommends a vote “FOR” the ratification of the appointment of Deloitte & Touche LLP as the registered independent public accounting firm for Pro-Pharmaceuticals for the fiscal year ending December 31, 2006.

Following is information concerning the fees paid to Deloitte & Touche during our 2005 and 2004 fiscal years.

	Fiscal Year 2005	Fiscal Year 2004
Audit Fees ⁽¹⁾	\$ 225,615	\$ 154,500
Audit-Related Fees ⁽²⁾	66,550	57,450
Tax Fees ⁽³⁾	12,725	7,425
Subtotal	304,890	219,375
All Other Fees ⁽⁴⁾	—	66,800
Total Fees	<u>\$ 304,890</u>	<u>\$ 286,175</u>

- (1) *Audit Fees.* These are fees for professional services for the audit of our annual financial statements included in our Annual Report on Form 10-K and review of financial statements included in our quarterly Form 10-Q filings, and services that are normally in connection with statutory and regulatory filings or engagements for such fiscal year.
- (2) *Audit-Related Fees.* These are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements, including financial disclosures made in our equity finance documentation and registration statements filed with the SEC that incorporate financial statements and the auditors’ report thereon, and consultation with our Audit Committee on financial accounting/reporting standards.
- (3) *Tax Fees.* These are fees for professional services with respect to tax compliance, in particular, preparation of our corporate tax returns.
- (4) *All Other Fees.* These are fees for all other products and services provided or performed which do not fall within one or more of the above categories.

The Audit Committee has considered whether the provision of non-core audit services to Pro-Pharmaceuticals by Pro-Pharmaceuticals’ principal auditor is compatible with maintaining independence.

Pre-Approval Policy and Procedures

The Audit Committee has adopted a policy and procedures which set forth the manner in which the Committee will review and approve all services to be provided by the independent auditor before the auditor is retained to provide such services. The policy requires Audit Committee pre-approval of the terms and fees of the annual audit services engagement, as well as any changes in terms and fees resulting from changes in audit scope or other items. The Audit Committee also pre-approves, on an annual basis, other audit services, and audit-related and tax services set forth in the policy, subject to estimated fee levels, on a project basis and aggregate annual basis, which have been pre-approved by the Committee.

All other services performed by the auditor that are not prohibited non-audit services under SEC or other regulatory authority rules must be separately pre-approved by the Audit Committee. Amounts in excess of pre-approved limits for audit services, audit-related services and tax services require separate pre-approval of the Audit Committee.

The Chief Financial Officer reports quarterly to the Audit Committee on the status of pre-approved services, including projected fees. All of the services reflected in the above table were approved by the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for providing independent, objective oversight of Pro-Pharmaceuticals' accounting functions and internal control over financial reporting. The Audit Committee acts under a written charter first adopted and approved by the Board of Directors in 2001, as amended in 2004, which is reviewed annually. The Audit Committee is comprised of Steven Prelack, Dale Conaway and Jerald Rome. The Board has determined that Mr. Prelack is an "Audit Committee Financial Expert" within the meaning of the rules of the Securities and Exchange Commission. Each of the members of the Audit Committee qualifies as an "independent" director under applicable American Stock Exchange rules. A copy of the Audit Committee Charter was filed as Appendix C to the Proxy Statement for our 2004 Annual Meeting of Stockholders.

The Audit Committee has reviewed and discussed audited financial statements for Pro-Pharmaceuticals with management. The Audit Committee also has discussed with Deloitte & Touche LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication With Audit Committees*, which includes, among other items, matters related to the conduct of the annual audit of our company's financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, concerning their independence, as required under applicable independence standards for auditors of public companies, and has discussed with Deloitte & Touche LLP its independence from Pro-Pharmaceuticals.

Based upon the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements of Pro-Pharmaceuticals for the 2005 fiscal year be included in Annual Report filed on Form 10-K for the year ended December 31, 2005.

DISSENTERS' RIGHTS OF APPRAISAL

No action is proposed herein for which the laws of the State of Nevada, the Articles of Incorporation or By-laws of Pro-Pharmaceuticals provide a right of a stockholder to dissent and obtain appraisal of or payment for such stockholder's shares.

**SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of our common stock, to file reports of ownership and changes of ownership of such securities with the Securities and Exchange Commission. Based on a review of our records, we believe that all filing requirements applicable to our officers, directors and holders of more than ten percent of our common stock were complied with during the 2005 fiscal year.

STOCKHOLDER PROPOSALS FOR 2007 ANNUAL MEETING

Under SEC rules, if a stockholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2007 annual meeting of stockholders, the proposal must be received by us, attention: Vice President, Investor Relations, at our principal executive offices by December 29, 2006. Also in accordance with SEC guidelines, if a stockholder notifies us of that stockholder's intent to present a proposal at our 2007 annual meeting of stockholders after March 13, 2007, we may, acting through the persons named as proxies in the proxy materials for that meeting, exercise discretionary voting authority with respect to the proposal without including information about the proposal in our proxy materials. However, in either case, if the date of the 2007 annual meeting is changed by more than 30 days from the date of the 2006 meeting, then the deadline would be a reasonable time before we begin to print and mail our proxy materials.

DELIVERY OF VOTING MATERIALS

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one Pro-Pharmaceuticals stock account, we are taking advantage of "householding" rules that permit us to deliver only one set of the Proxy Statement and our Annual Report on Form 10-K for the 2005 fiscal year to stockholders who share an address unless otherwise requested. If you hold your shares through a broker, you may have consented to reducing the number of copies of materials delivered to your address. If you wish to revoke a consent previously provided to your broker, you must contact the broker to do so. In any event, if you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by either: (i) telephoning us at (617) 559-0033; (ii) sending a letter to us at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations; or (iii) sending an e-mail to us at squeglia@pro-pharmaceuticals.com. If you hold your shares through a broker, you can request a single copy of materials for future meetings by contacting the broker.
