Registrant's telephone number, including area code: (678) 620-3186

N/A
(Former name or former address, if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

☐ Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)

☐ Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)

☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))

☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

SECTION 2 – FINANCIAL INFORMATION

Item 2.02 Results of Operations and Financial Condition.

On November 7, 2017, Galectin Therapeutics Inc. ("Galectin Therapeutics") issued a press release announcing its results of operations and financial condition for the three and nine months ended September 30, 2017 and provided a business update. Galectin hereby incorporates by reference herein the information set forth in its press release dated November 7, 2017 (the "Press Release"), a copy of which is attached hereto as Exhibit 99.1.

Except for the historical information contained in this report, the statements made by Galectin Therapeutics are forward looking statements that involve risks and uncertainties. All such statements are subject to the safe harbor created by the Private Securities Litigation Reform Act of 1995. Galectin Therapeutics' future financial performance could differ significantly from the expectations of management and from results expressed or implied in the Press Release. Forward-looking statements in the Press Release are subject to certain risks and uncertainties described in the Press Release. For further information on other risk factors, please refer to the "Risk Factors" contained in Galectin Therapeutics' Annual Report on Form 10-K for the fiscal year ended December 31, 2016, as filed with the Securities and Exchange Commission, and its subsequent filings with the SEC.

The information in this Item 2.02 is being furnished, not filed, pursuant to Item 2.02 of Form 8-K. Accordingly, the information in Item 2.02 of this report, including the Press Release attached hereto as Exhibit 99.1, will not be incorporated by reference into any registration statement filed by Galectin under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference.

SECTION 9 – FINANCIAL STATEMENTS AND EXHIBITS

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

Exhibit Number	Description
99.1	Press Release dated November 7, 2017

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, Galectin Therapeutics Inc. has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Galectin Therapeutics Reports 2017 Third Quarter Financial Results and Provides Business Update

All 52 weeks of infusions and 100% of the doses have been administered in the NASH Cirrhosis, NASH-CX Phase 2b Clinical Trial

Top Line Results of NASH-CX Phase 2b Clinical Trial Expected to be announced in early December 2017

NORCROSS, Ga. (November 7, 2017) – Galectin Therapeutics Inc. (NASDAQ: GALT), the leading developer of therapeutics that target galectin proteins, today reported financial results for the three months ended September 30, 2017. These results are included in the Company's Quarterly Report on Form 10-Q, which has been filed with the U.S. Securities and Exchange Commission and is available at www.sec.gov.

"All of the patients in our NASH Cirrhosis, NASH-CX Phase 2b Clinical Trial have completed all 52 weeks of infusions and 100% of the doses have been administered," said Peter G. Traber, M.D., president, chief executive officer and chief medical officer of Galectin Therapeutics. "The dropout rate was well below expectations, with 151 subjects out of the 162 enrolled having completed the full trial regimen. The data will be compiled and analyzed in expectation that we will meet our original target of reporting top line data in early December 2017."

Expected Upcoming Milestones

- Company remains on track to report top line data from the NASH-CX Phase 2b Clinical Trial in December 2017.

Summary of Key Development Programs and Updates

- Company is funded through February 2018, which is sufficient to report top line data of the NASH-CX Phase 2b Clinical Trial.
- Dr. Peter G. Traber, M.D., the Company's president, chief executive officer and chief medical officer was Chair of the Conference for NASH Summit Europe 2017, an industry nonalcoholic steatohepatitis (NASH) drug development forum that was held in Frankfurt, Germany from October 10-12, 2017.
- The Company received a Decision to Grant from the Chinese Patent Office for its patent application for "Composition of Novel Carbohydrate Drug for Treatment of Human Diseases," which, when issued, will extend composition of matter coverage of the Company's lead compound, GR-MD-02, to China, where the prevalence of fatty liver disease has approximately doubled over the past two decades, with around 15% of the population experiencing NASH.

Financial Results

For the three months ended September 30, 2017, the Company reported a net loss applicable to common stockholders of $4.7 million, or $0.13 per share, compared with a net loss applicable to common stockholders of $4.5 million, or $0.16 per share, for the three months ended September 30, 2016. The decrease is largely due to lower general and administrative expenses and to lower stock compensation expenses.

Research and development expense for the three months ended September 30, 2017 was $3.5 million, compared with $3.3 million for the three months ended September 30, 2016. The increase primarily is primarily related to higher pre-clinical and drug manufacturing expenses.

General and administrative expense for quarter was approximately $900,000, compared with $1.2 million for the prior year, with the decrease being primarily related to lower investor relations and non-cash stock compensation expenses.

As of September 30, 2017, the Company had $7.0 million of non-restricted cash and cash equivalents. The Company believes it has sufficient cash to fund currently planned operations and research and development activities through December 31, 2017.

About Galectin Therapeutics

Galectin Therapeutics is dedicated to developing novel therapies to improve the lives of patients with chronic liver and skin diseases and cancer. Galectin's lead drug (GR-MD-02) is a carbohydrate-based drug that inhibits the galectin-3 protein that is directly involved in multiple inflammatory, fibrotic, and malignant diseases. The lead development program is in non-alcoholic steatohepatitis (NASH) with cirrhosis, the most advanced form of NASH related fibrosis. This is the most common liver disease and one of the largest drug development opportunities available today. Additional development programs are in treatment of severe atopic dermatitis, moderate-to-severe plaque psoriasis, and in combination immunotherapy for advanced melanoma and other malignancies. Galectin seeks to leverage extensive scientific and development expertise as well as established relationships with external sources to achieve cost-effective and efficient development. Additional information is available at www.galectintherapeutics.com.

Forward Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to future events or future financial performance, and use words such as “may,” “estimate,” “could,” “expect” and others. They are based on management’s current expectations and are subject to factors and uncertainties that could cause actual results to differ materially from those described in the statements. These statements include those regarding the hope that Galectin’s development program for GR-MD-02 will lead to the first therapy for the treatment of fatty liver disease with cirrhosis and those regarding the hope that our lead compounds will be successful in the treatment of severe atopic dermatitis, moderate-to-severe plaque psoriasis and in cancer immunotherapy. Factors that could cause actual performance to differ materially from those discussed in the forward-looking statements include, among others, that Galectin may not be successful in developing effective treatments and/or obtaining the requisite approvals for the use of GR-MD-02 or any of its other drugs in development; the Company’s current clinical trial and any future clinical studies may not produce positive results in a timely fashion, if at all, and could prove time consuming and costly; plans regarding development, approval and marketing of any of Galectin’s drugs are subject to change at any time based on the changing needs of the Company as determined by management and regulatory agencies; regardless of the results of any of its development programs, Galectin may be unsuccessful in developing partnerships with other companies or raising additional capital that would allow it to further develop and/or fund any studies or trials. Galectin has incurred operating losses since inception, and its ability to successfully develop and market drugs may be impacted by its ability to manage costs and finance continuing operations. For a discussion of additional factors impacting Galectin’s business, see the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, and subsequent filings with the SEC. You should not place undue reliance on forward-looking statements. Although subsequent events may cause its views to change, management disclaims any obligation to update forward-looking statements.
