## Item 1.01 Entry into a Material Definitive Agreement

In a Current Report on Form 8-K filed with the Commission on February 18, 2009 (the "February 18, 2009 Form 8-K Current Report"), Pro-Pharmaceuticals, Inc., a Nevada corporation (the "Company"), reported, among other things, that the Company (i) had entered into a Securities Purchase Agreement (the "Purchase Agreement") and related agreements on February 12, 2009 with 10X Fund, L.P., a Delaware limited partnership (the "Purchaser") and (ii) had completed an initial closing under the Purchase Agreement. The February 18, 2009 Form 8-K Current Report also reported that under the Purchase Agreement the Company agreed to issue and sell to the Purchaser, and the Purchaser agreed to purchase, at one or more subsequent closings: (i) up to 2,100,000 shares of Series B-2 Preferred Stock (the "Series B-2 Preferred Stock") convertible into up to 8,400,000 shares of the Company's common stock, par value \$0.001 per share (the "Common Stock"); (ii) Class A-1 Warrants exercisable to purchase up to 4,200,000 shares of Common Stock (the "Class A-1 Warrants"); (iii) Class A-2 Warrants exercisable to purchase up to 4,200,000 shares of Common Stock (the "Class A-2 Warrants"); and (iv) Class B Warrants exercisable to purchase up to 16,800,000 shares of Common Stock (the "Class B Warrants") for an aggregate purchase price of \$4.2 million (less the origination fees and expenses described below).

On August 11, 2009, the Company and the Purchaser entered in to a letter agreement (the "Letter Agreement"), pursuant to which the parties amended the Purchase Agreement and agreed to the terms of an amendment to the Certificate of Designation of Preferences, Rights and Limitations for the Series B-1 Convertible Preferred Stock and Series B-2 Convertible Preferred Stock (the "Designation Certificate Amendment"). Among the changes contained in the terms of the Letter Agreement and the Designation Certificate Amendment was an extension of the final purchase date under the Purchase Agreement from August 11, 2009 to February 11, 2010.

In a subsequent closing on November 4, 2009, pursuant to the Purchase Agreement, the Company issued and sold an aggregate of (i) 155,000 shares of Series B-2 Preferred Stock convertible into 620,000 shares of Common Stock, (ii) Class A-1 Warrants exercisable to purchase 310,000 shares of Common Stock, (iii) Class A-2 Warrants exercisable to purchase 310,000 shares of Common Stock, and (iv) Class B Warrants exercisable to purchase 1,240,000 shares of Common Stock for gross proceeds of \$310,000. Net proceeds of these sales were approximately \$296,000 after reimbursement of the Purchaser's expenses (including legal expenses) in connection with the subsequent closings and an origination fee in the amount of three percent of the gross proceeds from the sale of these securities. The terms and conditions of the Purchase Agreement, the Certificate of Designation of Preferences, Rights and Limitations for the Series B-1 Convertible Preferred Stock and Series B-2 Convertible Preferred Stock, the "Original Designation Certificate", that established the Series B-2 Preferred Stock, the Series A-1 Warrants, the Series A-2 Warrants and the Series B Warrants were disclosed in the February 18, 2009 Form 8-K Current Report including the exhibits thereto. The terms and conditions of the Letter Agreement and the Designation Certificate Amendment were described in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2009, and copies of the Letter Agreement and Designation Certificate Amendment were filed as exhibits thereto.

The description of the Class A-1 Warrants, the Class A-2 Warrants and the Class B Warrants issued by the Company in the subsequent closing reported in this report is not complete and is qualified in its entirety by reference to the full text of the Form of Class A-1 Warrants, the Form of Class A-2 Warrants and the Form of Class B Warrants, copies of which are filed as Exhibit 4.1, Exhibit 4.2 and Exhibit 4.3, respectively, in the February 18, 2009 Form 8-K Current Report and incorporated herein by reference.

**Item 2.03 Creation of Direct Financial Obligation or an Obligation under an Off-Balance Arrangement of Registrant.**

Under the terms of the Original Designation Certificate, as amended by the Designation Certificate Amendment, upon notice of not less than 30 trading days, a holder may require the Company to redeem, in whole or in part, (i) the Series B-1 Preferred Stock at any time on or after September 12, 2010 and (ii) the Series B-2 Preferred Stock at any time on or after two years from the date of issuance of such shares of Series B-2 Preferred Stock. The redemption price will be equal to the sum of the stated value of the Series B Preferred Stock, plus all accrued but unpaid dividends thereon, as of the redemption date.

If the Company fails for any reason to pay the redemption price in cash on the redemption date, then the holders requesting redemption may, at their sole option, automatically convert their shares of Series B Preferred Stock into a promissory note bearing interest at the rate of 15% per year and secured by a lien on all assets of the Company. The Company has executed a promissory note, security agreement and escrow agreement, copies of which were filed as Exhibits 10.2, 10.3 and 10.4, respectively, to the February 18, 2009 Current Report on Form 8-K and are incorporated herein by reference, which will be held in escrow and released to the holders upon the occurrence of such an event.

**Item 3.02 Unregistered Sales of Equity Securities.**

The information contained in Item 1.01 of this report is incorporated by reference into this Item 3.02. The Series B-2 Convertible Stock and warrants sold at the subsequent closing on November 4, 2009, under the Purchase Agreement were issued in reliance on the exemption from registration under Section 4(2) of the Securities Act of 1933, as amended (the "Securities Act"), and Rule 506 of Regulation D promulgated thereunder. The Series B-2 Preferred Stock and warrants were not registered under the Securities Act and are "restricted securities" as such term is defined in Rule 144 under the Securities Act.

**About DAVANAT® and Galectin Therapeutics**

DAVANAT®, the Company's lead product candidate, is a carbohydrate polymer that targets galectin receptors that are over-expressed on cancer cells. Current research indicates that galectins affect cell development and play important roles in cancer, including tumor cell survival, angiogenesis and tumor metastasis. To date, DAVANAT® has been administered to approximately 100 cancer patients. Data from a Phase II trial for end-stage colorectal cancer patients showed that DAVANAT® in combination with 5-FU extended median survival to 6.7 months with significantly reduced side effects, as compared to 4.6 months for best standard of care as determined by the patients' physicians. These clinical trials also showed that patients experienced fewer serious adverse side effects of the chemotherapy and required less hospitalization.
